“The wine is deep in the glass, and
the night is long in the Hutong.”

杯中酒浓，巷中夜长。

At Hutong, our sommeliers go beyond the mainstream, seeking out exquisite, limited-production wines from the most prestigious and undiscovered corners of the wine world.

Our carefully curated list champions Organic, Biodynamic, Sustainable, and Vegan wines—crafted by visionary artisan winemakers who honour tradition, terroir, and nature.

Each bottle tells a story of passion and place, offering exceptional quality, authenticity, and depth.

As the seasons inspire our cuisine, our wine selection evolves in harmony—creating perfect pairings that elevate every dish into a truly unforgettable dining experience at Hutong.

VEGAN, wine that is made by not using any animal-derived products during the process of clarifying or fining (to remove protein, yeast, cloudiness...), using instead minerals or plants

ORGANIC WINE, wine made from organically grown grapes which uses fertilisers and sprays made only from natural compounds.

BIODYNAMIC WINE, in addition to organic practices, biodynamic farmers rely on special plant, animal and mineral preparations to enhance the health of their soils and the vines. They also consider the position and rhythmic influences of the sun, moon, planets and stars as guide when to prune, plant or dig.
